**CONGRATS to the winners YU7KB and YL2AO!**

While 2018 BCC MS Contest we had less activity. Many OP's told me about a bad QRM situation. At my QTH I had most of the time a QRM level from S5 to S8 and at last I missed more than 75% of the bursts.

Let's hope, that the QRM situation will be better the next time!

Best 73, see you in August and December 2019! Alex
